

Hang On!

Get on, hang on, hang on, strap in,
This is just, this is just the beginning
Get on, get on, Hang on, strap in
This is just, this is just the beginning

Verse 1

I'm at the park for a lot of fun, looking for adventure with everyone
They got bumper cars, arcades, pirate ships,
They got a drop that will make you go like this
You go up and down, up up and down, up and down, up up and down
Now that's a lot of fun, and I love those rides,
But there's one thing here that I gotta try
A rolla coaster that's what I can't miss
Make my head spin around and you go like this
You go spin around, spin spin around, spin around, spin spin, around

Chorus

(It's time to) start it up - get your hands up
From the front to the back you know we ain't stopping
Start it up - get your hands up
Once this thrill ride stops you know we'll be dropping
So hang on!

Verse 2

Were at the park for a lot of fun, looking for adventure with everyone
They got Ferris wheels, tea cups, carousels,
Cotton candy, nacho cheese, and those big pretzels
Go mnnn, mmmmn, mnnnn, mmmmmm, mnnnnn
Now I love those rides and I love great food
And I don't mean to be a little bit rude
But the rolla coaster is what I can't miss,
Let my head spin around and go like this
Go spin around spin spin around spin around spin spin around

Chorus

(It's time to) start it up - get your hands up
From the front to the back you know we ain't stopping
Start it up - get your hands up
Once this thrill ride stops you know we'll be dropping
So hang on!

Bridge

I don't care about the tunnel of love
Shooting rapids is not what I am dreaming of
I just want to ride that coaster again
So strap in.....

Get on, hang on, hang on, strap in
This is just, this is just the beginning

Chorus

(It's time to) start it up - get your hands up

From the front to the back you know we ain't stopping

Start it up - get your hands up

Once this thrill ride stops you know we'll be dropping

So hang on!
